## THE WEATHER.

Showers this afternoon clearing and cooler tonight. Wednesday fair and cooler, with possibly light frost in early morning.

## CAR LINE EXTENSION TO TYLER RUMORED

### New Owners May Build Through Mechanicsburg and Out the Benton Road.

It is reported that one of the first extensions contemplated by the new owners of the street car lines in Paducah, is through Mechanicsburg and possibly beyond Tyler, Paducah's southern suburbs, out near the Benton road.

The capitalists who assume charge this week have announced that they intend to spend a large amount of money in extensions and improvements, but have not made public exactly what extensions they will make.

It is known, however, that they have made trips in every direction from Paducah into the county, and have practically decided what will be done first, and it would not be surprising to those on the inside to see them as soon as possible after taking charge, begin extending the car lines to and through Mechanicsburg.

This would be a paying investment for several reasons. Mechanicsburg is now one of the busiest, most prosperous parts of Paducah. It is a city in itself, and the population is growing so rapidly that there are not enough houses for the people who desire to live in that part of the city in order to be near their work.

It is much further from the end of the car line to some of the big fac-

ories on the south side, than many people imagine, and one way to solve the problem of how to take care of the rapidly increasing population there is by providing rapid transit, so persons working on the south side may live anywhere in the city and still reach their place of work quickly and cheaply.

A report that is in circulation is that the street car company will not only extend its tracks through Mechanicsburg proper, but will also go to Tyler and perhaps out the Benton road.

It would not be surprising if in the near future an interurban line were built to connect Paducah with Smithland and other cities, through the southern outlet now proposed.

The people of the section that the car line is expected to reach when the extension is made, are much interested in the project, and all seem ready to welcome the line, as it will give additional impetus to an already rapidly growing locality.

It is expected that when the formal transfer of the public properties takes place this week, some definite announcement will be made regarding the improvements and extensions contemplated by the new proprietors.

## TO PROTECT POLICY HOLDERS.

Insurance Companies Contributed to Defeat of Free Silver.

New York, Oct. 10.—In the insurance investigation today Robert A. Hannan, vice-president of the Mutual Life, testified that the company contributed to the republicans in three presidential campaigns, but declined to state the amount of the contributions, saying he would tell. He said "free silver was being agitated and the policy holders needed protection."

Dr. Walter Gillette, another vice-president, testified that the company contributed a hundred and five thousand dollars to the three last republican campaign funds.

## LEGISLATIVE CANDIDATE

Will Be Put Out in First Legislative District.

Fulton, Ky., Oct. 10.—T. F. Headless, chairman of the Fulton county republican committee, and George W. Hays, chairman of the Hickman county committee, have issued a call to the republicans of Fulton and Hickman counties, comprising the First Legislative District of Kentucky, to meet in mass convention in the courthouse at Clinton, Ky. on Saturday, Oct. 15. The object of the convention is to nominate a candidate for the legislature to be voted on at the November election and to transact any other business that is brought before the convention.

## Complete Victory of Goulds.

Toledo, Oct. 10.—The Gould interests will probably score a complete victory in the meeting of the Wabash stockholders today and elect their entire directorate with one exception. Ramsey may go to the courts to settle some mooted questions.

## Two New Cases of Scarlet Fever.

Two more cases of scarlet fever have developed in the city. The little girl of Albert Dossert, at 2339 Broadway, is stricken with the disease, and the daughter of Knock Fletcher, of 1808 Bridge street is ill with it. Both cases have been quarantined.

## Rescript Signed for Witte.

St. Petersburg, Oct. 10.—The imperial rescript has been issued thinking Count Witte for the brilliant manner in which he accomplished the task assigned him in concluding peace at the Portsmouth conference.

## DR. OUCHTERLONY.

A Noted Louisville Man Died of a Complication.

Louisville, Oct. 10.—Dr. John A. Ouchterlony, physician, surgeon, author and professor, died last night of a complication of diseases. Dr. Ouchterlony received his education in his native country, Sweden, and was graduated from the medical department of the University of New York City. He was a surgeon in the federal army.

With others, he founded the Louisville Medical College, and has occupied chairs in medical colleges in many cities. He has been at different times an officer of the American Medical Association, and he has received honorary degrees from several colleges. He was knighted several years ago by King Oscar of Sweden and by the late Pope Leo XIII. Dr. Ouchterlony contributed much to medical literature. He was 67 years of age.

## COAL THIEF DESTROYED

Several Shots Fired at Him By Boy With a Florent Rifle.

A negro coal thief who has been operating on the south side for the past several weeks, was treated to a rather strenuous experience last night and will probably seek other localities for operation hereafter.

Some one had been visiting the coal houses of residents of Jones street in the vicinity of Tenth street, and last night when the 12-year-old son of Mr. B. Matthews, of the Sherrill Russell Lumber company, came home, shortly before 11 o'clock, his mother informed him that she heard a noise in the coal house. He secured his repeating florent rifle and went out to investigate.

A negro man ran out of the coal house, dropping his booty as he ran. The boy shot three times, taking deliberate aim. On account of the distance and the fact that the negro was dodging, prevented the aim from proving true.

## NOW IN HIS OFFICE.

New County School Superintendent Found Everything in Good Shape.

Mr. S. J. Billington, county superintendent, was in his office this morning for the first time since he was appointed to fill out the unexpired term of Prof. A. M. Ragsdale, who was given a position in the city schools.

Mr. Billington is the democratic nominee for that office and will kill two birds with one stone next week by going out on a tour of the county inspecting schools, and incidentally electing himself for the office. He stated that his predecessor had left the schools in excellent condition. The dispute over district No. 26 has not been received yet, but is expected daily.

Stabbed His Wife and Killed Himself. Fairfield, Iowa, Oct. 10.—William Monck stabbed his recently divorced wife last night and shot himself, dying instantly. Monck said he could not live without his wife. The woman will probably recover.

## Japanese Admiral Is Dead.

Tokio, Oct. 10.—Admiral Saiso, of the Japanese navy, is dead.

## PORTLAND FAIR

Closes This Week—It Has Been a Great Success.

Portland, Ore., Oct. 10.—This week will mark the close of the Lewis and Clark Exposition, after a successful career not anticipated by even the most enthusiastic supporters of the project. Before the closing day is over the fair will have recorded an attendance of practically 2,250,000 persons, which, considering the fact that the combined population of the old Oregon Territory is hardly equal to that number, is almost phenomenal.

## JOHN W. GATES

Has Thied of Chicago, and Registers as Citizen of New York.

New York, Oct. 10.—John W. Gates, the multi-millionaire, has given up his Chicago residence and become a citizen of New York. Last evening he registered as a voter in this city.

## ALL REJECTED

ELKS' BUILDING COMMITTEE AGAIN DEFERS AWARDED CONTRACT.

It Is Uncertain Now What Will Be the Next Step of the Committee.

The Elks' building committee held a meeting last night and for the second time rejected all bids for the new building to be erected on North Fifth street near Broadway. It is understood that all the bids were considered too high.

It is said that a building such as the plans as recently modified call for ought to be erected for about \$18,000 or \$20,000, but the lowest bids were for about \$24,000.

The bids as first opened were about \$29,000, and changes were made in the plans, with the result that the bids were reduced about \$5,000. They are still too high, however.

It is not known now when the building committee will meet again, or what will be done when it does meet. It is likely that another meeting will be held Monday.

## EXPATRIATE SUIT

Will Be Filed by Solicitor Campbell This Afternoon.

City Solicitor James Campbell stated today that he will this afternoon file the expatriate suit for the city to decide in circuit court the validity of the street contracts recently let to the Southern Municipal Co.

The solicitor alleges that the ordinances were not signed until after the time specified for starting the work begun on the streets and for this reason and other reasons the contract is invalid.

Attorneys for the municipal company refuse to say what they will do further than they will let the suit alone, as it was the city's doing and not theirs.

## FIRE AT TEXARKANA.

Six Residences Destroyed, Most of Them Insured.

Texarkana, Ark., Oct. 10.—Fire yesterday destroyed six residences on North Hazel street. The losses and insurances are as follows:

Mrs. Christian Rogers, loss \$1,200 insured for \$750; Mrs. J. A. Estes, loss \$1,000, insured for \$600; C. D. Lantz, loss, \$2,300, insured for \$1,400; W. H. Hutch, loss \$800, insured for \$600; F. S. Harris, loss \$1,000, insurance \$700; J. E. Stanley, loss \$1,200, no insurance.

## DECK BENTERS

Are Getting Quite Busy—None On the River Yet.

Wild ducks have commenced to fly but they are not in the rivers yet. They are feeding in corn fields and swim in large ponds. Fletcher Terrell and a party went down to the Terrell farm, in Ballard county, this morning to hunt ducks, it being reported that they are numerous there. The presence of ducks, according to old prognosticators, is a sign that cold weather is at hand.

## Noted Educator Now in Jail.

Peoria, Ill., Oct. 10.—Newton C. Daugherty spent his first night in jail last night. He is unable to give the \$10,000 bail required and will have to remain in jail until the trial. The grand jury may complete its labors and adjourn today.

## THERE'LL BE DOIN'S AT THE CONVENTION

The Candidates Refuse to Say What They Will be, However.

Lively Time Anticipated at the Democratic Nomination of Congress Tomorrow.

## SEVERAL CONTESTS PROBABLE.

"You can say there will be 'big doings' at the democratic county convention tomorrow," said a candidate for the democratic nomination for coroner this afternoon. He was asked what was going to be pulled off, and he stated that he could not say, but to be at the court house at 2 p. m.

Judge W. A. Berry, chairman of the county democratic committee, will call the convention to order. All of the candidates will likely be present with their forces. A hot time is expected and no doubt a large crowd will attend the convention.

Some of the candidates and their friends are sore at the Baker leaders, claiming they were "skinned" in the precinct conventions Saturday, and several contests are promised. One candidate says he will contest five precincts, and will have his witnesses on hand to show that he was skinned. It is said that in one precinct a candidate had sixteen voters, and Baker had two, but Baker had the chairman and got the instructions.

Another candidate this afternoon said that Baker would never be elected. He said that Baker has only 23 instructed votes, although he is claiming 34. He said that some of the precincts Baker was claiming were uninstructed. This candidate said if Baker did not win on the first ballot he would have no show whatever. The Baker men are said to be hard at work today, but it is stated that at least some of the proxies they have secured will be no good.

## QUITE CHILLY

DEPT. OF SEVERAL DEGREES IN A SHORT TIME THIS MORNING.

People Take Out Overcoats and Steam Heat Is Turned On For the First Time.

The first touch of cold weather in Paducah this fall came today, when there was a sudden tumble in temperature. Last night was pleasant enough, the lowest being 64 degrees, after a maximum yesterday of 78 degrees.

This morning a light rain began to fall shortly after daylight, and a northwest wind made the atmosphere feel quite chilly. By 2 o'clock the mercury had fallen to 56 degrees, and if the weather clears, frost is predicted for tomorrow. The temperature will have to fall about fifteen or twenty degrees more, however, before there can be frost.

By noon many people were getting into winter clothes and overcoats, and the steam heat was turned on from the power plant on Second street for the first time since last spring.

Government Observer Bornemann stated that the northwest wind made the atmosphere feel colder than it really is. The cool spell is supposed to be the edge of a storm on the Atlantic coast.

## NATIONAL BANKERS

Are in Session at Washington for Three Days.

Washington, Oct. 10.—The American Bankers' Association is in session here and the capitol is jammed with representative bankers and trust magnates and savings bank trustees who for three days will discuss and hear discussed by eminent authorities the questions relating to banking practice ethics. John L. Hamilton, of Hopstone, will be the next president.

Mayfield Presbytery Meets Today. The Mayfield Presbytery meets today at Highland church, three and a half miles southwest of Paducah in a three days' session. Rev. J. E. Edwards will preach the opening sermon.

\$100,000 Loss From Forest Fires. Calumet, Mich., Oct. 10.—Forest fires are raging near here and have caused a loss of a hundred thousand dollars. Two hundred men are fighting the flames.

## I. C. Pay Car the 17th.

The I. C. pay car will arrive in Paducah on the morning of the 17th of this month.

## TO COLONIZE SOLDIERS.

Russian Government Is Afraid to Bring Them Home, It Seems.

St. Petersburg, Oct. 10.—Plans of the government for the colonization of soldiers engaged in Manchuria during the war, instead of bringing them home, where it is feared they would add to the internal dissatisfaction are gradually taking shape.

The plan is to offer inducements to the soldiers in the shape of land and loans, to develop it, in hope that large settlements of former soldiers will be established in Siberia.

## SMITHLAND COUPLE

Was Married Last Night in Metropolis by Justice Liggett.

Metropolis, Ill., Oct. 10.—Squire Liggett united in marriage Horace T. Hurley and Hallette Hill, of Smithland, Ky., 9 o'clock Monday night at the Julian Hotel. They left this morning for their future home Hyltheville, Mississippi county, Arkansas.

## WOMAN HELD

SHE ADMITTED SHE TRIED TO "GET HIS HEAD OFF."

Husband's Case Continued—Other Happenings in the Police Court.

Mary Pitman, colored, was this morning held over in police court for malicious cutting, and in default of bail was committed to jail.

She was walking down Caldwell street Saturday night with Henry Miller, a male acquaintance, when her husband, English Pitman, came along. Pitman pulled a big knife and started in to do a little "carving" on the person of Miller.

The woman was not wholly unprepared for the emergency, and whipping out a big knife also started in.

After several futile attempts to reach her husband's body, she made a desperate lunge with the knife and caught him under the chin. The blade gilled through the flesh and laid open the workings of Pitman's throat.

"I tried to cut his d—head off," she had explained to the police who arrested her, and didn't deny it in court this morning, so all the court could do was to hold her over.

The husband's case was continued. He is attempting to put up a plea of self-defense. Miller was not included in the warrant.

Other cases today were: Louie Murray, colored, breach of the peace, \$5 and costs; Mat McKinney, disorderly conduct, \$5 and costs; Geo. Dozier, breach of the peace, \$20 and costs; L. N. Rogers and W. B. Humphreys, breach of the peace, \$5 and costs; Will Howe and Daisy Howe, colored, breach of the peace, dismissed as to the former and later fined \$10 and costs; James Coleman, colored, breach of ordinance, dismissed.

## TOO STRENUOUS.

Hungarian Parliament Could Not Stand it and Adjourned.

Budapest, Oct. 10.—With the resumption of parliament today, as expected, the imperial rescript prolonging the sessions was read and a new adjournment taken until December 9.

Such a tumult followed the reading of the rescript, and the protest made in behalf of the constitutionalists by Count Andrássy that the president finally suspended the session.

## ASSASSIN ESCAPED.

Slayer of Procurator General Gets Seven Hours' Start of Police.

Helsingfors, Finland, Oct. 10.—Leonar Hohenthal, assassin of Procurator General Solin, escaped last night from prison where he had a life sentence for the crime. Hohenthal had seven hours start of the police and there is little doubt he has reached the sea.

## IMMENSE CORN MILL TO BE LOCATED HERE

Eastern Capitalists Said to Have Decided to Establish it.

They Have Been Making a Quiet Investigation for Some Time and It Will Be a \$100,000 Concern.

## THEY ARE EXPECTED SOON

It is stated on excellent authority that Paducah will next year have one of the biggest corn mills in the state. It is no venture where the Commercial club or any party of promoters is concerned, the capitalists who are behind the move being men who carried on a quiet investigation without acquainting local capitalists of their object.

The first intimation or definite idea of what the capitalists, who all reside in the east, intended to do reached Paducah in the way of a letter to a local capitalist asking him for data on the amount of corn raised in this section, the resources for this article and also the shipping rates, the amount of corn shipped out, etc.

The capitalists stated that they had decided to locate a big corn mill in Paducah or vicinity and intended doing so right away. There are said to be annually shipped out of Paducah something like 5,000,000 bushels of corn. This goes to distilleries and to mills, for reduction to some staple article. The capitalists saw an excellent opportunity to establish a mill here, grind up the corn and save the money expended shipping the stuff to other mills.

All the information relative to the corn crops here and in vicinity were gladly furnished the promoters, and it is expected something more definite will be heard within a few days.

This is an industry which would be a valuable addition to the many enterprises Paducah now has, and will mean the employment of possibly several hundred men. The plant, it is estimated, will cost in the neighborhood of \$100,000 and every favor possible to grant will undoubtedly be given the capitalists who unsolicited decided to locate here.

It is expected that representatives of the capitalists will be here within thirty or sixty days to personally look into the resources.

## GOES TO TOPEKA.

Mr. Clarence Graves Resigns in the Local I. C.

Mr. Clarence C. Graves, yard clerk in the office of General Yardmaster E. M. Stonebreaker, of the local I. C., has resigned his position and will today go to Topeka, Kan., with Mr. L. Neal, who will shortly assume charge of the Topeka division of the Big Four road as chief dispatcher.

Mr. Graves is an excellent railroad man in this class of service, and goes to accept a very lucrative position. He will be succeeded here by Mr. T. H. Pugh, who has been in the office of General Agent John T. Donovan at Sixth and Campbell streets. This will necessitate a general change up in the clerks at the freight house, each man going up one point. This is the second change made in the freight department in the past several weeks.

Mr. Graves' many friends here will be pained to learn of his promotion, but will regret to see him leave the city.

## OHIO NOW WANTS

To Oust Big Insurance Companies From the State.

Columbus, O., Oct. 10.—Former Attorney General Monette has accepted the offer of Thomas W. Lawson to represent Ohio on the policyholders committee to reorganize the insurance companies. Monette will attempt to have Attorney General Ellis bring suit to oust the New York Life, Equitable and Mutual Life from the state.

## COTTON MILL FIRE

Heavy Damage Is Expected to Result Before It Is Subdued.

London, Oct. 10.—Word has reached here that the large cotton mills at Chatterton, Lancashire, are burning, and it is said the loss will be heavy and the workmen greatly inconvenienced by being deprived of work for the time being.

## Triplets Named for President.

Evansville, Ind., Oct. 10.—The wife of Frank Wilhelm, a laboring man, presented him with triplets, one girl and two boys. The youngsters are healthy, and will be named Theodora, Teddy and Roosevelt, in honor of the president.

## THE ATHLETICS

### DREW A SHUT OUT

McGraw's Men Had an Easy Job in First Game.

18,000 People in the Quaker City Witnessed the Game and Many Were Turned Away.

MATTHEWSON AND PLANK FIGHT

Philadelphia, Oct. 10.—New York's Champion Giants and their horde of loyal followers descended upon this quaint old Quaker town yesterday intent upon mopping up the earth with Connie Mack's victorious Athletics, champions of the American league in the first game for the championship of the world.

Notwithstanding that extra facilities had been provided, the grounds being none too large, many intending spectators were turned away after 18,000 had obtained entrance to the park at prices of admission ranging from 50 cents to \$2.

McGraw's star offering was the redoubtable Christy Matthewson, the world's greatest right hander, and it was due to his masterly box work backed up by the heavy stick work of his team mates that enabled the Manhattan Islanders to administer a coat of whitewash to the locals.

Christy only allowed four hits, while Plank, the Philadelphia southpaw, was touched up for ten hits, enabling the sluggers to score three runs.

The inside work of the Athletics and fielding was superb, but they could not hit safely and frequently.

Although defeated Philadelphia played a brilliant game.

The second game of the series is scheduled today in New York.

The score:

R. H. E.

New York, 3 10 1

Philadelphia, 0 4 0

Batteries—Matthewson and Breunhan; Plank and Schreck.

Under the schedule as adopted by the National Commission, the games will be played alternately in Philadelphia and New York, so that today's game will be in New York, Wednesday's in Philadelphia, Thursday's in New York, Friday's in Philadelphia, Saturday in New York.

The championship is to be awarded the club winning the first four games. In the event of a tie the deciding game will be played in some neutral city.

Hank Oday and Jack Sheridan have been named as the umpires for the series, and they will alternate in giving decisions on balls and strikes and on bases. Oday will wear the mask one day, and Sheridan the next. These two are considered the best umpires in the business.

McGraw's men are favorites in the fight, more for the reason that they are in good shape than anything else. Some concern is felt in Philadelphia because the eccentric "Tub" Waddell may be out of the game. In addition to his peculiarities, "Tub" has developed a very sore arm, and it is believed that Mack will not put him in the box. Bender and Plank will do the bulk of the twirling for the Athletics, and Conkley will probably not be called upon to work until the latter part of the week, because he has been overworked and is stale now.

Christy Matthewson, Ames and McGarity will probably alternate for the Giants, and Breunhan will no doubt do the major part of the backstop work.

### Theatrical Notes

Tuesday night, "The Herald Square Opera Co."

Wednesday night, "Uncle Dan's"

Saturday matinee and night, "Howe's Moving Picture Show."

Manager Thomas Roberts has booked in "The Girl and the Bandit," for October 18th at The Kentucky. This is one of the last shows at The Kentucky last season, and made a great hit. It is the same company, with Misses Viola Gillette, Mable Hite and other well-known singers in the cast, and is about 50 strong.

President Roosevelt, Cardinal Gibbons and Mr. John Mitchell, these three master minds of American statesmanship, religion and labor, received a literally royal ovation from 200,000 miners and citizens in Wilkesbarre, Pa., on August 10th. Each of this triumvirate in his own sphere forms such a commanding influence on the life, problems and politics of our day that it is quite natural that the admirable and comprehensive moving pictures of this notable event which were taken by Lyman H. Howe, should prove as popular as the subjects themselves.

Mr. Howe's series include what is at once the most realistic and characteristic moving pictures ever secured of President Roosevelt. At The

## PILES 14 YEARS

TERRIBLE CASE CURED PAINLESSLY WITH ONLY ONE TREATMENT OF PYR. AND PILE CURE.

Free Package in Plain Wrapper Mailed to Everyone Who Writes.

I have been a terrible sufferer of piles for fourteen (14) years and during all this time you can have an idea of how many kinds of medicine I tried. But I found no relief whatever. I felt there must be something that could cure me without having to undergo an operation which might kill me.

Now, after trying but one treatment of your "Pyramids," I am free, free to tell all sufferers of this dreadful disease to try this medicine—the Pyramid Pile Cure. It will cure when all others fail. Sincerely yours, George Branchell, Schellburg, Pa.

Anyone suffering from the terrible torture, burning and itching of piles, will get instant relief from the treatment we send out free, at our own expense, in plain sealed package, to everyone sending name and address.

Surgical operation for piles is suicide, cruel, unnecessary and rarely a permanent success. Here you can get a treatment that is quick, easy to apply and inexpensive, and free from the publicity and humiliation you suffer by doctor's examination.

Pyramid Pile Cure is made in the form of "easy to use" suppositories. The coming of a cure is felt the moment you begin to use it, and your suffering ends.

Send your name and address at once to Pyramid Drug Co., 3992 Pyramid Building, Marshall, Mich., and get, by return mail, the treatment we will send you free, in plain, sealed wrapper.

After seeing for yourself what it can do, you can get a regular, full-size package of Pyramid Pile Cure from any druggist at 50 cents each, or, on receipt of price, we will mail you same ourselves if he should not have it.

Kentucky Saturday matinee and night.

There is an old saying, "Consistency is a jewel," but when consistency is found in a modern play of today, it is more than a jewel. It is no wonder then that "Uncle Dan's" or "A Messenger From Jarvis Section" has proved such a popular attraction. The plot is a simple one, but well told and there are times when it becomes stirring in its intensity. The dominant figure throughout this well constructed play is "Uncle Dan's" and as portrayed by Mr. Fred Wykoff is one of the strongest bits of character work ever presented on any stage. The supporting cast is a large one and the many specialties introduced serve to make "Uncle Dan's" a most welcome visitor to The Kentucky on tomorrow night.

"Said Pasha" was witnessed by a fairly large and well pleased audience at The Kentucky theatre last night. The Herald Square Opera company is not as large as some companies that have been seen here, but it is a good organization, and will give satisfaction. Hugh Chatham, Phil W. Nares, Martin Pache, have good voices and handle the principal male parts well, while Walter Cox and Montjoy Walker in the comedy roles were very good. Miss Leona Watson as "Serena," made a good impression, and has one of the finest soprano voices ever heard in Paducah. The opera this afternoon is "The Mascot," and tonight will be "Fra Diavolo."

When Ringling Brothers' circus arrives the latter part of this month, it will be its first visit to Paducah in twelve years. It was hard work to get it back, as it fell out with Paducah because of the treatment accorded it and would never come back. John Robinson's circus is in Metropolis tomorrow.

### A FINE BOOK.

Has Just Been Issued By The I. P.

The Illinois Central has just issued an attractive and valuable book, entitled "Locations for Industries in the States of South Dakota, Nebraska, Iowa, Minnesota, Wisconsin, Illinois, Indiana, Kentucky, Tennessee, Mississippi Louisiana and Arkansas."

This publication gives in detail just such items of interest concerning the various cities, towns and counties in these states as investors require to know, including population, indebtedness, assessed valuation, tax rate, railroad connections, amount invested in the various lines of business, etc. This is followed by a statement of various enterprises which could be made to pay in each place. The book is a valuable thing of its kind, and is circulated to facilitate investment in business enterprises and to aid materially in the development of the states of which it treats.

### In the Harness Again.

Mr. G. H. Robinson, who has been editing the News-Democrat in the place of Editor Louis Brownlow, who is ill and has gone to the mountains of East Tennessee, this morning left for Tennessee to hunt. Mr. John Mac Melone, formerly of the Jackson, Tenn., Whig, has been secured to edit the paper in the absence of Mr. Brownlow.

### Get a Copy of A MOTHER'S REMORSE

A story of sacrifice, love and tragedy, written in a strong emotional strain which will appeal to every reader. Love, the most powerful of emotions, is the guiding star which supports Arline in her battles against evil and temptation. The awakening of a mother's love, the frantic search of a mother for her unfortunate child which was abandoned, and finally hartered to the gypsies, is graphically described in our story.

### "RANSOM" DEAD.

Well Known Colored Man Succumbs to Attack of Malarial Fever.

Ransom Shelton, an aged colored man known all over Paducah as "Uncle Ransom," died yesterday at his room back of Mr. Austin Owen's home on Madison near Sixth street, from malarial fever. He had been in feeble health for sometime.

"Ransom" was about 70 years old, and had lived here for many years. Little is known of him, but he had cut grass and done odd jobs in Paducah for many years for a number of people, and was always industrious and reliable. He has no family, and his nearest relative is a sister who lives in the country.

The funeral took place this afternoon from the colored Methodist church, burial at Oak Grove.

## WOMAN RESCUED FROM A LIFE OF MISERY

WAS A LIVING SACRIFICE TO  
RAVAGES OF A PARASITE.

ALMOST A NERVOUS WRECK

A nervous wreck, almost on the verge of madness as a result of the misery she had endured because a secret enemy was gnawing at her vitals and saved from this condition, Mrs. Jacob Hurlbrink, living at Hasset, Ind., told a remarkable story yesterday.

Until yesterday afternoon she was the victim of a parasite. Now she is free from the ravages of the thing which measured over 69 feet in length. The monster tapeworm, for that is the name it is commonly given was left at Smith & Nagel's drugstore.

The story of the lady's startling case is best told in her own words: "I am 41 years old, and for the last five years my existence has been made miserable by stomach trouble. I was tired all the time. I could not sleep and many a night I tossed about my bed, glad to see the light of day again, but when I arose I felt more tired than I did when I went to bed. I had a vile taste in my mouth and my tongue was coated. When I tried to do my work, I was exhausted by the least exertion. My stomach and bowels were sore and bloated and the sight of food made me sick. Sometimes I was ravenously hungry, but even when I did manage to swallow food, it did not seem to do me any good. I had sharp pains in my back and side, and I could not stoop over without spots coming before my eyes. I had frequent attacks of dizziness and a splitting headache most of the time.

**Became a Nervous Wreck.** "Finally I became a nervous wreck and life had few pleasures for me. Although I had been treated for other diseases, I became convinced that I was the victim of a tapeworm, and the thought of the thing almost drove me mad.

"I decided to try Payne's remedies and a week ago I bought some of the New Discovery medicine. I took it according to directions and today I had an attack of sickness.

"Within 45 minutes this awful thing was expelled from my system. I feel better already, and I know now what it was that had been draining my vitality and making me a nervous wreck. I cannot be too thankful for the relief I have found from the misery I suffered."

Payne's visit is drawing to a close. Call and see him or his assistants without further delay at Smith & Nagel's, Fourth and Broadway.

## MRS. BROCKWELL

REPEATS HER CONFESSION  
MADE IN PADUCAH.

Tells Louisville Reporters She Was  
Frightened Into the Confession  
She Made.

Mrs. Mary Brockwell, of Paducah, Ky., who pleaded guilty to the charge of murdering her three little girls last March, was brought to Louisville last night by William Lyon, deputy sheriff of McCracken county, says yesterday's Louisville Times. The woman was placed in the Jefferson county jail, and was taken to Frankfort today, where she will begin her life sentence in the penitentiary.

Mrs. Brockwell talked freely of the trial, but she denied her guilt. She said she was frightened into pleading her guilt.

## FISH'S FIN CAUSED LOSS OF AN ARM

Lyman Padgett Suffered for  
Several Weeks.

Earl Slater and Family Return to  
Metropolis After Three Years'  
Residence in Paducah.

LATE NEWS FROM METROPOLIS

Metropolis, Ill., Oct. 10.—Lyman Padgett had an arm amputated recently the result of a fish's fin which was stuck in his thumb some months ago. This caused blood poisoning and necrosis of the bone and made the removal of the arm below the elbow necessary.

The funeral and burial services of Mrs. Susan Parker, who died Friday evening, took place Sunday. Deceased was 52 years and six months old and a most excellent lady.

After a residence of three years in Paducah Earl Slater and family have returned to Metropolis.

Mrs. Wm. Wright is in Chicago, going as representative of Lily of the Valley Chapter O. E. S. to the Grand Chapter now in session. Her husband accompanied her, and they expect to remain in the city about two weeks, visiting their son W. H. Wright and wife, who have been living there a number of years.

Mr. and Mrs. S. H. Weldon have returned from East St. Louis where they visited their daughters Mrs. Frank St. John and Miss Lou Weldon.

Frank Butler has resigned his position as reporter for the Journal-Republican to accept a position as bookkeeper for Margraves at Brookport. Mr. Butler is an unusually bright and gentlemanly young man and has many friends to wish him continued success.

Mrs. Charles Barrett has returned from a visit to Mound City.

Dave Peters has gone to Seattle, Wash.

L. K. McAlpin, assistant cashier of the First National bank, went to New York City Sunday.

Walter Moreland has gone to Lexington, Ky., to accept a position as pharmacist.

An entertainment will be given in the parlors of the State hotel Tuesday evening, October 17, benefit of the Baptist church. Admission 15 cents.

H. Rampendahl, Jr., & Co. will be about the heaviest receivers of logs and lumber of any of our manufacturers this season. They will in a short time receive something over 2,000 logs. This, together with other stock, will amount to about 2,000,000 feet of lumber to be worked up into cooperage stock.

## NEW SYSTEM

OF METERS WILL BE INSTALLED  
BY NEW MANAGEMENT.

Will Insure Correct Measure of  
Electricity Used On All Occa-  
sions.

Stone & Webster, of Boston, who bought the railway and power lighting franchise in Paducah and will in a few days assume control, has announced that a system of meter reading or "calibrating," will be installed here and maintained as soon as possible. This means that there will be no incorrect meters.

"When I started out to perfect wiring in Paducah," Electrical Inspector Wm. Gilsdorf explained, "I found that meters were cut in on the wires on the street side of the main switch. This was contrary to the methods employed in the cities and I ordered all meters placed on the house side of the switch, that is, I compelled the company to have the meter placed so that when the main switch was turned off the meter could register no electricity consumed. There was some inclination to find fault with this, but the electrical people came around and saw that it was not asking anything that should not be done.

The new management of the electrical company stated to me that it would every six months, as is done in all cities with up-to-date wiring, have standard meters sent to Chicago for testing, and every local meter tested by these. This will mean that the residents will always have well regulated meters.

"In fact, I find the new management is more than willing to meet with all requirements asked of such companies in larger cities, and as I progress with my work of inspecting I note a developed inclination of all to do what is right."

## Capt. Frank Farnesley Will Sue the Town of New Madrid, Mo., for \$10,000

Capt. Frank Farnesley, of the tow-boat Beaver, has arrived home from Mississippi river, where his boat is laid up temporarily. Capt. Farnesley lives at Ninth and Tennessee streets and is one of the best known and most popular river men in this part of the country. The announcement that he will file suit against New Madrid, Mo., in federal court for \$10,000 damages for the treatment accorded him and several members of his crew recently, the particulars of which were published in The Sun at the time.

Immediately on reaching home yesterday Capt. Farnesley employed Attorney Hal Corbett, and the suit is now being drawn up, and will be filed in federal court at Cape Girardeau, Mo.

Capt. Farnesley and several members of the crew, it will be remembered, attempted to land at New Madrid to get medicine for Engineer Volney Davis, who had been seriously scalded by an accident in the engine room. They all had health certificates, but were not allowed to land by the city officials, who would not even purchase medicine for them to relieve the sufferings of the injured man. The yawl landed anyway, and a fight ensued in which an aged man in the crew was struck in the head and knocked down by one of the officers, and they were all locked up an hour or more.

The brutal and unlawful treatment accorded the captain and members of the crew will be the basis for the damage suit to be filed as soon as Attorney Corbett can prepare the papers.

and she mistook it and deftly affixed it to the corner of her letter and started away.

"Beg pardon," said the clerk, "but you forgot to pay for the stamp."

"Pay for the stamp?" she echoed in astonishment. "Why, I never heard of such a thing."

Her astonishment was so genuine that Clerk Riley became rattled.

"You must be joking," he observed.

"No, I never paid for a stamp in my life," she declared, "and I don't know you had to pay for them. This is the first time I ever heard of such a thing." And she took out her purse and readily paid over the two cents for the stamp.

Clerk Riley was so flustered that he neglected to ask her for an explanation of how she thought people secured postage stamps, an oversight he has regretted ever since, for it is the first time anyone ever appeared at the local postoffice and tried to get stamps for nothing.

## Daily Thought.

"Thoughts are roots of which conduct is the fruit."

Every voter should bear in mind the importance of voting against the proposed constitutional amendment. It is a scheme of the Democratic politicians to retain control of the state and better further their plans for plunder, and there is nothing in it for the plain, every day, honest voter. If there is fraud in an election under the Australian ballot system, it can be rectified by the people voting for men who will elect or appoint some honest election officers, and by a personal effort to eliminate fraud. If a majority of the people are enough opposed to fraud to make an effort to exterminate it, they can do it. If they vote to change the constitution, however, and return to the old way of voting, it will mean the end of a free ballot in Kentucky. It will prevent thousands from voting their sentiments and convictions, because their livelihood, unfortunately, would often depend on their going up and voting to suit the bosses. The secret ballot is all right. It is in nowise the cause of any fraud. The fraud is from other sources and for other reasons. The secret ballot is for the purpose of enabling men to vote as they see fit, without having to answer to anything or any person for it. Are you willing to vote away this privilege?

The Republican city and county tickets are gaining new friends every day. Many Democrats signify their intention of voting them, and the prospects are bright. Such men as Capt. Ed Farley, Dr. H. F. Williamson,

son, Mr. Charles Harting, Mr. W. A. H. Dunaway, Mr. James T. Hart and all the other nominees have the confidence of the people. They are all good men—all the nominees of the Republicans are good men—and are worthy of every confidence. The city and county are now dominated by cliques and rings, and their iron hand is felt by one and all, but more particularly the property owners. Taxes are high, but no matter how small they were, they could still be much smaller if it were not for the extravagance and incompetence of officeholders. The time is ripe for a change, and the prospects are that the people are going to get one.

The big insurance presidents might as well be looking about for a soft place to light, for the indications are that they are all about alike, and the public will not stand for them. Alexander had to get out, and so did Hyde. They will all probably have to retire, not because they have committed any great crime or anything of the kind, but because the people demand it, as evidenced by the action of Missouri, Nevada and other states in revoking or threatening to revoke, the state license if the management is not changed.

Circuit Judge Reed's decision in the insurance cases at Beaton should appeal to all fair-minded men. It is based on common sense and justice. If an insurance agent without authority, and contrary to orders from his company, is guilty of rebating, which simply means giving a part or all of his commission to a person taking out a policy, the company should not be held responsible or made to suffer for this agent's unauthorized acts. Where the company allows rebating it is a different proposition but in these cases the company was not proven guilty of authorizing the rebating.

Nearly every paper of any consequence in the state, regardless of politics, is fighting the proposed constitutional amendment. A few papers are making a bluff at advocating the amendment, but in most cases it is a listless, half-hearted effort, and the papers must feel ashamed to do it.

A great deal of the success of the Japanese army was due to their discipline. Their almost perfect sanitation and surgery were frequently commented on by the outside world, yet the official report just out shows that 19,374 died of wounds, and 15,300 died of disease.

There may be another peace congress, but it will not prevent preparations for war. England is getting ready to organize a "national army" of 250,000 men, and Russia is stationing 300,000 men on the Chinese frontier.

## AN EVEN BREAK.

In Double Header Between Paducah and Mound City Team.

Sunday the I. C. Centrals and the Mound City baseball teams played a double-header at Mound City and Eddie Taylor, the star center fielder for the Indians the past season of the Kitty league, broke even in pitching honors with Eckstone also a former Kitty leaguer.  
 Eckstone pitched for the Mound City team and Taylor for the Centrals. The first game resulted in a victory for the Mound City team by a score of 3 to 1. In this game Taylor allowed but two hits and Eckstone none.  
 The second game resulted in a victory for the Centrals by a score of 2 to 0. Taylor allowed no hits and Eckstone 2. These were probably the best semi-professional games played in this section this season, and were witnessed by a large crowd of fans.

## THE GRAND LODGE OF I. O. O. F. BEGINS

Large Crowd of Delegates Finds City in Gala Dress.

One of the Important Matters Will Be an Effort to Make the Grand Lodge Less Unwelldly.

## OPEN SESSION HELD TODAY.

Shelbyville, Ky., Oct. 10.—The seventeenth annual meeting of the Kentucky Grand Lodge of Odd Fellows convened here this morning and will remain in session until Thursday.

The city is in holiday attire in honor of the event, and the electric illumination at night will surpass anything ever previously attempted in Shelbyville.

This session of the Grand Lodge will be a most important one, as matters of vital concern will come up for discussion. The order has grown so rapidly in Kentucky during the past decade that the representation to the Grand Lodge from the subordinate lodges, based on one representative for each twenty-five members, has made the Grand Lodge unwieldy, and an effort will be made at this session to remedy the matter. The plan most favored is to amend the constitution so that one representative will be allowed each subordinate lodge for each fifty members or fraction thereof, instead of twenty-five, as at present. This will reduce the representation in the Grand Lodge at least 50 per cent. Each lodge, of course, is entitled to one representative to the Grand Lodge.

The first lodge of Odd Fellows in Kentucky was organized in Louisville, January 28, 1833, and was called Home Lodge, No. 1. On March 17, 1835, Chosen Friends Lodge No. 2, was instituted, and on the same year the Grand Lodge of Kentucky was organized.

At that time there were only 170 members and three lodges in the state. Now there are about 21,000 members and about 280 lodges doing active work.

An open session was held at the Crescent Theatre this morning beginning at 9 o'clock. The order of exercises was as follows:

Invocation by the Rev. David M. Sweets.

Vocal selection by male quartet. Address of welcome to Shelbyville by Mayor L. C. Willis.

Address of welcome to Grand Lodge on behalf of Howard Lodge No. 15, I. O. O. F., by Ralph W. E. Gilbert.

Response to welcoming addresses by Grand Master D. L. Bailey, of Louisville.

Vocal selection, "Kentucky and the Bluegrass," composed and sung by Camden W. Hallard, of Howard Lodge.

At the conclusion the Grand Lodge went into executive session. Three sessions will be held daily, morning, afternoon and night.

Wednesday morning sixty-five children, inmates of the Odd Fellows' Widows' and Orphans' Home at Lexington, will be brought here to be the guests of the Grand Lodge.

When the Grand Lodge adjourns at noon Wednesday after the morning session, the members, orphans of the Home, visiting and local Odd Fellows, headed by the Shelbyville band, will march to the campus of the Shelbyville graded school, where the burgoon will be given under the direction of J. Abraham, Noble Grand of Howard Lodge.

During the session of the Grand Lodge, Howard Lodge will keep open house in their handsome quarters in the new Odd Fellows' Temple. A reception committee will be in constant attendance and all visiting Odd Fellows made welcome.

Deputy Grand Master A. W. Clements, of Morganfield, arrived Sunday night and the other officers and most of the representatives will reach Shelbyville during the day. Over 500 are expected before night, as many desire to take the Grand Lodge degree to qualify themselves for entrance in to the sessions of the grand body.

## Engles to Have Smoker.

The local Aerl of Engles will Wednesday night hold its first smoker and social session and a delightful time is promised. The lodge will convene for regular work at 7:30 p. m. and the smoker will begin at 8:30 p. m. The Engles hold their meetings now in the K. of P. Hall and it will be appropriately decorated for the occasion. The toasts to be responded to will be as follows:

"Our Motto, L. T. J. and E." by Hon. Hal S. Corbett, W. P.

"Prospecting for a Nest," by Ben Weller, W. V. P.

"Why I Wasn't There," by R. E. L. Mosheim, W. P.

"All Goin' Out and Nothin' Comin' In," by L. S. Levy, W. secretary.

"How It Feels to Be Rich," by Sam H. Gott, W. T.

"Why Engles Get Sick," by Dr. Robert Sory, A. P.

"Birds and Their Bills," by L. P.

Head, W. P. P.

"We're Goin' to Run Agin'," by Dr. Horace Rivers, trustee.

"None but the Best for Mine," by Frank M. Perriman, trustee.

"Hail, Hail, the Gang's All Here," by J. A. Konetzka, trustee.

"Out in the Cold, Cruel World," by Robert J. Waiben, O. G.

"I'm on the Inside," by William Robinson, Jr., I. G.

K. of P. Meeting.

A report of the grand lodge meeting was received last night at a meeting of the Knights of Pythias. The local members are particularly pleased over the reopening of the Widows' and Orphans' Home matter. Paducah will be another bidder for the home.

## COACH HORSES

WILL ARRIVE THURSDAY FOR THE HORSE SHOW—ONE WORTH \$10,000.

More Horses Desired and Will Probably Be Provided—Ball Park Being Prepared.

Dr. J. H. Garber, a veterinarian, returned this morning from Waseka, Ill., where he arranged for seven German coach horses of the finest breed to be brought here for the Paducah horse show, which takes place October 18, 19 and 20, at the baseball park.

One of the horses took the first premium at the world's fair at St. Louis, and the owner of the animal values it at \$10,000. These horses will be in charge of Dr. Garber and will be here for inspection, not to ride. Two of them will be hitched to a landau each evening and driven around the park to show how stylish they are to vehicles. The animals will reach here Thursday night.

The children's feature will take place Friday night at 7 o'clock, and not in the afternoon. A special program has been arranged for the children and it will be a very pretty event.

The musical drill will rehearse again tomorrow night. The participants were at the park last night for practice.

The electric lights have nearly all been placed in the park and grand stand. The enclosure will be brilliantly illuminated. A temporary shed for horses is being built in one corner of the park to shelter them from the weather.

More boxes are desired by the committee in charge and it will try and get them put in. If they are successful they will go on sale immediately. Likely they will not be auctioned off like the ten boxes were last night.

## NO ACTION.

Taken Yet in Regard to Putting On Additional Trains On the N. C. & St. L. Road.

An N. C. & St. L. official stated today that so far as he knew, the matter of putting on two new trains on the N. C. & St. L. in order to allow persons living between Paris, Tenn., and Paducah to come here in the morning and spend the day, had not been broached to the road officials by the Retail Merchants' Association of Paducah, which at its last meeting decided to ask the road to put on the service.

The official said that while he was not authorized to say, he did not think the trains desired could be put on without loss to the company, as a railroad usually runs all the trains that it can profitably run without being asked. He thinks, however, that some changes might be made in the present schedule which would benefit the merchants, but nothing definite can be done until the matter comes before the officials in regular form.

## TWO OPERATIONS.

Are to Be Performed at Riverside Hospital.

John Iseman, a clerk in Thompson's drug store, is quite ill from appendicitis at his home at Sixth and Jackson streets, and will be operated on this afternoon or tomorrow at Riverside hospital. Dr. H. L. Bradley will have charge of the operation.

Mrs. Lawrence Raser will be operated on at Riverside hospital this afternoon by Dr. H. L. Bradley for mastoid abscess, from which she has been suffering for several weeks.

Louis Friant, of 1031 South Third street, was admitted to Riverside hospital today for an operation on his eye which is affected by a cataract. It will be performed tomorrow.

James Monroe of Columbia, S. C., was admitted to Riverside hospital today. He is suffering from malaria.

Hugheside Rebekah Lodge No. 17.

All members are requested to be present Wednesday night. Important business and also degree work.

### Breach of Peace Case.

Dock Foster, white, took out a warrant in Justice R. J. Barber's court this morning against James Clark, white, both shantyboatmen, residing below the I. C. incline on the North Side.

Foster claims that Clark cursed and abused him and called him vile names. The case has been set for trial before Justice Barber for next Tuesday morning at 10 o'clock. Constable A. C. Shelton made the arrest.

### Marshall Circuit Court Over.

The Marshall circuit court was adjourned this morning and Judge W. M. Reed returned from Benton this afternoon. He stated that all the business was concluded but that he might return Saturday to sign the orders. The civil term of the McCracken circuit court begins today.

### FRENCH SAVANTS

Accept in Advance Statement That Cure for Consumption Is Found.

Paris, Oct. 10.—Reversing their usual attitude, French savants accept in advance Prof. Emil Behring's dogmatic assertion that he has discovered a cure for tuberculosis. Among the men of the highest standing in the medical world whom the correspondent approached on the subject were Doctors Mitchoff and Ross of the Pasteur Institute and Dr. Bromardel former president of the academy of medicine, all of whom declared that if Prof. Behring says he has found a cure he must surely have done so.

"I await Saturday's communication from Prof. Behring with the greatest interest," said Dr. Mitchoff. "His discovery of the antitubercular serum was presented in the same way, the announcement of his discovery having been made before details were given."

Prof. Behring himself said to the correspondent: "There has been some exaggeration about this matter. In treating the disease the new method has been successful with all the animals we have tried, but experiments with human beings must yet be made. This is one of the reasons for delaying a full explanation of the cure. I will say frankly however, that I am fully convinced that I have a serum, but in powder form. I have given it the name of 'TX,' for reasons which will be seen later."

### Sick People.

Mrs. Walter Paul, of La Center, is very ill. She has been an invalid for about five years.

Mrs. Barney Clary is quite ill at her home on Jackson street.

Mrs. Preston Scholtz is sick at her home on South Fourth street.

Mr. Gilbert Bailey is recovering from his attack of malarial fever.

Miss Mattie Hawkins, of West Clay street, is ill of fever.

Mrs. Alice Hawkins, of West Clay street, is suffering from fever.

Mr. William V. Green is confined to his home on North Eighth street with illness.

Dr. R. H. Griffith returned this morning from Louisville, where he was operated on at St. Joseph's hospital. He was feeling much better yesterday but today is not so well.

Dr. H. P. Sights, who was able to be at his office yesterday, is again confined to his room. He was recovering from a short attack of malarial fever when he went to his office yesterday and he had a relapse.

### Low Rates to California.

From September 15 to October 31, the Illinois Central Railroad company will sell one-way second-class tickets to San Francisco, Los Angeles, San Diego, Cal., for \$33.00.

J. T. DONOVAN, Agt. Paducah, Ky. G. C. WARFIELD, T. A. Union Dpt.

"What's Maude crying about now?" "Oh, she asked her husband if he would marry again in case she died and he declared that he would not." "Well, nothing wrong about that." "No, but you should have heard him say it."—Louisville Courier-Journal.

Customer (inspecting the sample the waiter has brought him)—How do you distinguish your clam chowder from plain vegetable soup? Waiter—We have different labels on the kettles, sir. Wish any coffee?

"Columbus was in search of the new world." "My training?" he asked. "I have found a lost golf ball." Hereafter they instantly passed him a vote of confidence.—New York Sun.

### GODWIN HOLDS A RECORD.

Former Paducah Pitcher Among A. A. Pitchers With Most Strikeouts to Their Credit.

There is always more or less interest in strike-outs, and while this feature of the game is not as important as it was in days gone by, all twirlers strive for the record.

Five American association pitchers hold the honor this season, Wiley Platt, formerly of the Paducah Killy League team, is one of the quitters to reach the eleven mark, and Win Kelbin, while a member of the Toledo team, also hit those figures. Both the pitchers are familiar to Paducah fans. The other three are Berger, Clyde Goodwin, of the Paducah and Vincennes Killy pitchers, and Steve.

The day that Goodwin got his mark was on August 8, at Toledo. The only single made off him this day was a clean single by Billy Clineham.

## Just a Few of Our Many Good Things

If you have called, you are already familiar with the sterling values which have attracted Paducah housewives to our store in such large numbers during the GREAT CLOSING OUT-AT-COST SALE. But we are by no means sold out.

Just to show you what values we are offering in American made china come in and see the handsomely decorated 35c salad bowl you can get for 18c. We have lots of these now, as our entire stock of them has been transferred from the wholesale to the retail department. But they won't last long at these prices. So come in early. Some cake plates in the same class which have always sold for 50c, now 33c.

We were unable to cancel the orders for many of the rare and beautiful pieces of hand painted French, Japanese and Austrian china (in sets and open stock, too,) which were especially imported for the benefit of discriminating buyers at Christmas time. As there are no exceptions to our sell-at-cost rule, you have an opportunity to buy for absolutely what we paid the manufacturer. And they are exclusive patterns, too. If you buy a set no one in Paducah or anywhere else will have one just like it. That's always a pleasant feeling to the woman who loves beautiful china. And remember that it's not "too expensive to use." Come in and see it, if only for the pleasure it will give you.

### KENTUCKY NEWSLETS

**A Fulton Failure.**  
Fulton, Ky., Oct. 10.—Jacob Grodsky, proprietor of the St. Louis Store, a clothing establishment on this city, has failed. His assets are about \$2,500, while his total liability is \$6,000 or more. Most of his creditors are St. Louis wholesalers. Attorney Ed. Thomas is named as assignee.

**Hurt in a Coal Mine.**  
Central City, Ky., Oct. 10.—In an explosion at the mine of the Beaver Coal company, Barney Roll, a married man, aged forty years, had his face and hands literally cooked. Roll was not aware that the shot had been fired and was drilling in the same hole where the powder had been placed, so that when the explosion occurred he received the full force directly in his face. It is doubtful whether he will recover.

**Gov. Beckham to Accept.**  
Frankfort, Ky., Oct. 10.—Private Secretary Leigh has received word from Gov. Beckham, who spent Sunday at Harborside, that he will accept the invitation of Thomas W. Lawson, of Boston, to become one of a committee to take over the financial management of the Equitable, New York Life and Mutual Life insurance companies, and to investigate and remedy, as far as possible, the many evils that are now being brought to light. Mr. Lawson has been informed that the governor will formally wire his acceptance of the proposed trust.

**Death at Fulton.**  
Fulton, Ky., Oct. 10.—Mrs. N. J. Ramsey, who had been ill for many weeks with consumption is dead. She is survived by a husband and a number of children, most of whom are of tender age, and was 54 years of age.

**Murderer Still at Large.**  
Mayfield, Ky., Oct. 10.—Harry Blake, the negro who murdered Hattie Lee Boatwright Friday night in black bottom, has not yet been apprehended, and nothing can be heard of him. The officers have notified all surrounding towns and cities to watch out for him, but so far nothing whatever has been learned as to his present whereabouts.

**Big Tobacco Deal.**  
Lexington, Ky., Oct. 10.—Negotiations which have been pending for the past six weeks between representatives of the Bluegrass Tobacco company, of this city, and H. M. Martin & Co., of Louisville, were brought to a close on Louisville, and as a result the tobacco plant of the Louisville company has passed into the hands of the Lexington corporation, and in the future will be known as the Bluegrass Tobacco company. The Bluegrass Tobacco company, which has been in existence in this

city for the past twenty years, was taken over by Mr. Loughbridge and his associates several years ago, and the capital stock increased from \$30,000 to \$150,000, and has a capacity of over a half million pounds a year. The Louisville factory has a capacity of two and one-half million pounds and, with the consolidation of the two factories the capacity will be increased to more than 3,000,000 pounds, while the capital stock of the combined companies will be increased to \$350,000, making it one of the largest, if not the largest, similar concern in the United States. Mr. W. J. Loughbridge, president of the company, stated today that in all probability the plant of the consolidated company would be located in Louisville, owing to the better rail road facilities and rates.

**Western Bank New Officers.**  
Louisville, Ky., Oct. 10.—At a meeting of the directors of the Western National bank, T. L. Jefferson was re-elected president, E. C. Hogan succeeds F. A. Henry, Jr., as vice president, A. C. Montenegro and E. L. Hagan were elected directors by the stockholders to succeed Dr. J. W. Fowler and W. B. Smith, who retired. Lewis Metz was re-elected cashier and teller of the bank. It is thought that the bank will reopen at Third and Market streets on October 16.

**A Fatal Shooting.**  
Louisville, Ky., Oct. 10.—At Barnes Mountains, Estill county, William and Irving Munns, brothers, were shot and fatally wounded by George Lansford. They were visiting John Lansford, when George came home drunk and without a word began shooting.

**HAD TO HIDE IT**  
A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

## BIG SNAGBOAT IS HEADED THIS WAY

E. A. Woodruff Left Louisville for Cairo Yesterday.

Will Clear the Channel—Is One of the Most Powerful Boats of Its Kind Ever Built.

HOW IT DOES ITS WORK.

The United States snagboat, E. A. Woodruff, left Louisville yesterday for the lower Ohio, and is expected here soon. She came down from Cincinnati, and has orders to continue on down the river as far as Cairo. She is in command of Capt. W. H. Christian, who drew up the plans for the boat thirty-two years ago, and who has been in active command for the last twenty-seven years. She is a powerful piece of floating machinery, and is built to withstand almost any strain. Her hull, which is lined with steel, is 220 feet long, 18 feet wide, with a depth of 7½ feet. She is 73½ feet wide over the guards, and has twenty-six water-tight compartments. She has two propelling engines of 20-inch bore and six feet stroke; a steer steering apparatus, four rotary steam capstans and four wrecking engines. She has a great many auxiliaries, one for almost every emergency, and a total of twenty-six cylinders. She carries a crew of forty persons, including the captain and first mate. She left yesterday morning on her way down the river.

"The E. A. Woodruff is the only snagboat on the Ohio," said Capt. Christian at Louisville. "She has been in operation under her own steam for the last twenty-nine years. Two years of that time I was connected with the boat as head engineer, after which I was made captain. We operate under orders from the government, wherever we are told to go. We usually begin at the head of the river and gradually work our way to the mouth, a distance of about 1,000 miles, removing snags and other obstructions wherever we find them. We are generally longest in the spring, right after a breakup of the ice. This past spring we were busier than we had been before in years."

Referring to his trip down the river from Cincinnati to Louisville, Capt. Christian said that the channel was almost entirely free of obstructions. "We had little or no work to do," he said, "between Louisville and Cincinnati, but expect considerable work between Louisville and Cairo. I don't know how long it will take to complete this trip, everything depends on the amount of snags and wreckage we encounter on our way down."

When viewed from the front, the Woodruff looks as though she were built on two separate hulls, each coming to a sharp point and forming a V where they come together. Projecting from these points is a huge derrick, attached to the end of which is a mammoth steel beam, resembling that of a battle in shape. By means of this beam wrecked boats and barges are torn to pieces, which are carried down the stream by the current, thus removing the obstruction to navigation. Other implements, such as those used in pulling snags, may be attached to this derrick. One of these is a huge piece of steel, resembling a wedge, with prongs curving upward. This steel wedge is driven into the snag until the upward-curving prongs become imbedded, when it is an easy matter to lift the snag from the bed of the river by means of chains and pulleys, no matter how deeply imbedded it may be.

"No two snags are treated just alike," said Capt. Christian. "On some we use the steel wedge, and on others we use the grappling hook. In some cases we merely use a hog chain, dropping it until it drags the bottom, and then coming ahead by means of ropes and pulleys."

The grappling hook used on the E. A. Woodruff is a mammoth affair weighing in the neighborhood of two tons. In many instances this is dragged over sunken boats and barges for the purpose of tearing them to pieces. At a glance, the E. A. Woodruff resembles a big, unwieldy tub. She is kept in scrupulous condition, however, the interior being almost immaculate. Capt. Christian's office aboard the boat is cozy and provided with every convenience. The twenty-six water-tight apartments are a safeguard against the loss of life.

### FIND MANY PEARLS.

The industry between Paducah and Cairo is increasing. John Pylant, a pearl hunter about one mile this side of Grand Chain was in the city yesterday on business and exhibited some fine specimens he picked up. He has several men employed and has added to his list Sam Evans, of this city. Mr. Evans has been working with him for a few days and has found several excellent pearls. It is estimated that two people are engaged in this business between here and Cairo, half that number being between Brookport and Metropolis. The pearls are generally sold to men who travel up and down the river and lay them. The shells are used for making buttons and are sold by the ton.

### INSECTS EAT RIVER DAM.

Repairs On Lock No. 1 On Green River Require Expenditure of \$1,000.

The hellgramite, or millipede, of the same family as the familiar "snake doozy," has caused damage to Lock No. 1, Green River, which it will cost the government \$1,000 to repair. Capt. Harry Burgess, in charge of the Louisville corps of engineers, who has just returned from a trip to Green and Warren rivers, says this is the first time he has encountered difficulty on account of this remarkable insect. Capt. W. S. Overton, master of the snagboat, William Preston Dixon is in charge of the repairs.

Lock No. 1, known as Brown's Lock, was built in 1838, and it is supposed that the hellgramites have been feeding on the white oak logs of this dam for at least half a century. It has been leaking for many years, but the cause of the trouble was not suspected until this morning, when the examination under an appropriation from congress for that purpose.

One end of the dam has been eaten almost entirely away. The insects

do not bore through the wood, but eat it from the outside. They live in the water until two years old, when they acquire wings. Only the only wood they are known to be so fond of is the white oak, and it is believed that this is because of the larger quantities of oil found in it. Hellgramites are long to the insect world, for several inches long.

### COMMISSIONERS MEET.

Resignation of Patrolman Accepted. Moore Churchill Elected.  
The fire and police commissioners at their regular meeting last night accepted the resignation of Patrolman William Orr and elected Extra Patrolman Moore Churchill to succeed him. Second Extra Ed Alexander was elected to fill Mr. Churchill's place at first extra and Mr. Courtney Long, a former police officer, was selected as second extra.  
A number of applications for jobs on the fire and police departments were filed.  
The riding horse at No. 2 station was loaned to Mrs. I. D. Wilson for the horse show, for one night. It is one of the finest horses in this section.

## Raffles, The Amateur Cracksman

By E. W. HORNUNG

### THE GIFT OF THE EMPEROR

No. 6 of the Series

(Copyright, 1899, by Charles Scribner's Sons.)

**W**HEN the king of the emerald isles made faces at Queen Victoria and a European monarch set the cables tugging with his compliments on the exploit the indignation in England was not less than the surprise for the thing was not so common as it has since become. But when it transpired that a gift of peculiar significance was to follow the congratulations, the inference prevailed that the white potentate and the black had taken simultaneous leave of their fourteen senses. For the gift was a pearl of price unparalleled, plucked sometime by British cutthroats from a Polynesian setting and presented by British royalty to the sovereign who seized this opportunity of restoring it to its original possessor.

The incident would have been a godsend to the press a few weeks later. Even in June there were leaders, letters, large headlines, headed type, the Daily Chronicle devoting half its literary page to a charming drawing of the island capital, which the new Pall Mall, in a leading article headed by a pun, advised the government to blow to blunders. I was myself driving a poor but not dishonest quill at the time, and the topic of the hour gauded me into satire verse which obtained a better place than anything I had yet turned out. I had let my flat in town and taken inexpensive quarters at Thames Ditton on the plea of a disinterested passion for the river.

"First rate, old boy," said Raffles (who must needs come and see me there, lying back in the boat while I scolded and steered. "I suppose they pay you pretty well for these, eh?"

"Not a penny."

"Nonsense, Bunny! I thought they paid so well? Give them time and you'll get your check."

"Oh, no, I shan't," said I gloomily. "I've got to be content with the honor of getting it. The editor wrote to say so in so many words," I added, but I gave the gentleman his distinguished name.

"You don't mean to say you've written for payment already?"

No. It was the last thing I had intended to do. But I had done it. The matter was out. There was no sense in further concealment. I had written for my money because I really needed it. If he must know, I was curiously hard up. Raffles nodded as though he knew already. I warned him to keep your end up as a raw matter of letters. For my part I was afraid I wrote neither well enough nor all enough for success. I suffered from a persistent intellectual feeling after style. Verse I could manage, but it did not pay. To personal paragraphs and the lazier journalism I could not and I would not stoop.

Raffles nodded again, this time with a smile that stayed in his eyes as he leaned back watching me. I knew that he was thinking of other things I had stooped to, and I thought I knew what he was going to say. He had said it before so often. He was sure to say it again. I had my answer ready, but evidently he was tired of asking the same question. His lids fell, he took up the paper he had dropped and I scolded the length of the old red wall of Hampton Court before he spoke again.

"And they gave you nothing for these? My dear Bunny, they're capital; not only qua verses, but for crystallizing your subject and putting it in a nutshell. Certainly you've thought me more about it than I knew before. But is it really worth £50,000—a single pearl?"

"A hundred, I believe. But that wouldn't seem."

"A hundred thousand pounds!" said Raffles with his eyes shut. And again I made certain what was coming, but again I was mistaken. "It's worth all that," he cried at last, "there would be no getting rid of it at all. It's not like a diamond that you can subdivide. But I beg your pardon, Bunny. I was forgetting."

And we said no more about the emperor's gift, for pride thrives on an empty pocket, and no privation would have drawn from me the proposal which I had expected Raffles to make. My expectation had been half a hope, though I only knew it now. But neither did we touch again on what Raffles professed to have forgotten—my "opisthus," my "lapse into virtue," as he had been pleased to call it. We were both a little silent, a little constrained, each preoccupied with his own thoughts. It was months since we had met, and as I saw him off toward 11 o'clock that Sunday night I wished it was for more months that we were saying goodbye.

But as we waited for the train I saw those clear eyes peering at me under the station lamps, and when I met their glance Raffles shook his head.

"You don't look well on it, Bunny," said he. "I never did believe in this

Thames valley. You wait a change of air."

I wished I might get it.

"What you really want is a sea voyage."

"And a winter at St. Moritz, or do you recommend Cannes or Palma? It's all very well, A. J., but you forget what I told you about my funds."

"I forget nothing. I merely don't want to hurt your feelings. But look here—a sea voyage you shall have. We'll spend July in the Mediterranean."

"But you're playing cricket?"

"Hug the cricket?"

"Well, I thought you meant it."

"Of course I meant it. Will you come?"

"Like a shot—if you go."

And I shook his hand and waved mine in farewell, with the perfectly good humored conviction that I should hear no more of the matter. It was a passing thought, no more, no less. I soon wished it were more. That week found me wishing myself out of England for good and all. I was making nothing. I could but subsist on the difference between the rent I paid for my flat and the rent at which I had snubbed it, furnished, for the season, and the season was near its end, and creditors awaited me in town. Was it possible to be entirely honest? I had run no bills when I had money in my pocket, and the more downright dishonesty seemed to me the less ignoble.

But from Raffles of course I heard nothing more. A week went by, and half another week. Then late on the second Wednesday night I found a telegram from him at my lodgings after seeking him vainly in town and dreading with desperation at the solitary club to which I still belonged.

"Arrange to leave Waterloo by North German Lloyd special," he wired, "at 2:25 a. m. Monday next; will meet you Southampton aboard 'Lian' with tickets; am writing."

And write he did, a light hearted letter enough, but full of serious solicitude for me and for my health and prospects—a letter almost touching in the light of our past relations. In the twilight of their complete rupture, he said that he had looked two berths to Naples; that we were bound for Capri, which was clearly the island of the lotus eaters; that we would back there together "and for awhile forget." It was a charming letter. I had never seen Italy; the privilege of initiation should be his. No mistake was greater than to deem it an impossible country for the summer. The bay of Naples was never so divine, and he wrote of "fairly lands forlorn," as though the poetry sprang unbidden to his pen. To come back to earth and I prize, I might think it impatience of him to choose a German boat, but on no other line did you receive such attention and accommodation for your money. There was a hint of better reasons. Raffles wrote, as he had telegraphed, from Bremen, and I gathered that the personal use of some little influence with the authorities there had resulted in a un-

derful reduction in our fares.

Imagine my excitement and delight! I managed to pay what I owed at Thames Ditton, to squeeze a small editor for a very small check and my tailors for one more funeral suit. I remember that I broke my last sovereign to get a box of Sullivan's cigarettes for Raffles to smoke on the voyage. But my heart was as light as my purse on the Monday morning, the fairest morning of an unfair summer, when the special whirled me through the sunshine to the sea.

JAMES CURRIE CLAIMS HE KILLED RUSHING.

Convicted and Given Forty-Two Years in the Penitentiary at Shawneetown.

James Currie, the man who murdered A. J. Rushing at a logging camp up near Shawneetown, Ill., was convicted and sentenced to forty-two years in the penitentiary. Currie's defense was that he rammed the net while he was asleep.

The murdered man was a brother son of the Rev. J. T. Rushing, late presiding elder of the Owensboro district, Methodist church. The killing occurred December 16 of last year.

Chas. Winter Cough.

J. E. Gover, 101 N. Main street, Ottawa, Kans., writes: "Every fall I have been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c and \$1.

Will Be Reappointed.

Washington, Oct. 10.—President Roosevelt has indicated in conversation with representatives of the Eastern district of Kentucky that he would reappoint James H. Tinsley as United States attorney for the Eastern district of Kentucky. The president said he could see no reason why Mr. Tinsley should not be reappointed as he had served only four years and his record is said to be excellent.

### A GOOD NIGHT'S REST

"Speak for it!" she cried to doggie, for she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

SPURIOUS COIN

BIG DOLLARS FOUND IN CIRCULATION HERE.

Very Bad Imitations But Quite a Number Have Been Passed.

A lot of spurious dollars, imitations of the silver dollar, have been passed in local stores in the last few days. Seven of them are now in possession of Chief of Police James Collins.

The culprits are the poorest counterfeiters that could be made. They have a dull blue look and there is scarcely no ring to them. During a rush or at night is probably when they are worked off. A man displayed one yesterday on Broadway which he received in change for a ten dollar bill.

The police and Detective Moore and Baker are working on the case. They have been keeping the fact quiet in hopes that they could make an arrest but it is understood there is no clue as to who put them into circulation. There are probably a large number that have not been reported.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Lintment saved my life. I was under the treatment of two doctors and they told me one of my lungs was badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Lintment. The first application gave me great relief; two fifty cent bottles cured me sound and well."

It is a wonderful medicine and I recommend it to suffering humanity.

\$75,000,000 LOSSES

In the Baku Oil Fields—Russian Government May Make Them Good.

Liverpool, Oct. 10.—According to the Post the destruction of oil property at Baku and vicinity entailed a loss of seventy-five millions. The Russian government, it is intimated, denies its liability to property owners for the destruction, but has hinted that it is willing to issue a loan and make good the losses. If an attempt is made to float such a loan in London it is anticipated it will meet with failure.

Russia After Big Loan.

Berlin, Oct. 10.—German bankers say that Russia requests a loan of nine hundred millions. At least six and half millions will be taken in Germany.

CHADWICK DIAMONDS

Will Be Sold By U. S. Marshal in Public Auction.

Cleveland, O., Oct. 10.—Judge Taylor, of the United States district court, issued an order directing United States Marshal Chandler to sell at public auction the diamonds of Mrs. Cassie L. Chadwick, which were seized by the custom authorities because of non-payment of duty. Altogether the collector of customs seized nearly \$75,000 worth of Mrs. Chadwick's jewels. Those remaining in the hands of the authorities are valued at approximately \$10,000.

Many of the stones have never been set.

## PEST HOUSE FARM

WILL PROBABLY NOT BE SOLD BY THE CITY.

It is Proposed to Convert It Into a Pasture—Referred to the Committee.

The city pesthouse property which the legislative boards some time ago ordered sold in part if not in whole, will probably be retained by the city for the purpose of a pasture for horses, a matter which the board of fire and police commissioners thinks will result in a very wise and economical move on the part of the city.

Last night at the meeting of the board of fire and police commissioners this matter was brought up. It is known that there is a deal on foot to sell twelve acres of the property but before the deal is consummated the board will ask the legislative boards not to sell.

The intention of the board is to sow the pest house farm in rye and then in grass for hay and pasture. The city horses can be pastured and the hay made from the crop can be stored away for winter use in feeding the stock, saving a great deal in the course of time for the city in horse feed.

The matter was referred to Commissioner Mann Clark and Fire Chief James Wood, and they will immediately bring the matter before the legislative boards. The farm is large and will be worth a great deal more in a short time than can be realized now by sale, and it can be made a profitable charge on the city if retained for years by this method suggested by the commissioners.

## FORTY YEARS

Rounded Out Today By the First National Bank of Paducah.

The following telegram was today received by the First National bank, at Third and Broadway:

"Washington, D. C., Oct. 10, '07. 'T. A. Baker, Cashier of First National Bank:

"Corporate existence of your bank is re-extended today. Certificate mailed.

"Signed: T. P. KANE, Deputy Comptroller."

This means that today the First National began operating under its third twenty-year extension of charter. It was organized in 1865, and has had but three active presidents, one who was elected at first never serving.

The first president was the late Squire Wm. Beadles. The next was Mr. Milt Cope and Mr. Robert L. Reeves, the present president. Is the third active president the bank has had. There is today only one man connected with the bank who helped organize it forty years ago, and that is Mr. Jacob Well, one of the directors. Most of the time, if not all of the time, the bank has been on the corner it now occupies, Third and Broadway.

## THE RICH MEN

Of Los Angeles Contemplate Buying All the Saloons.

Los Angeles, Cal., Oct. 10.—As the result of a formal proposition submitted in writing to the city of Los Angeles there is a possibility that the "Gothenburg Saloon System" may be installed in this city, supplanting the present private ownership of the two hundred saloons here. The proposition came from twenty-five of the leading business men of the city, among the number being several possessing personal fortunes of millions.

It is proposed by these men as a company to pay to the city the sum of \$180,000 per annum for the 200 saloon licenses now in operation in the city and to reduce the total number of saloons from 200 to twenty-five. The company offers to acquire the furniture and fixtures and good will of saloons from the present proprietors at an appraised valuation.

After the license tax has been paid the stockholders of the company, under the proposed plan, would be entitled to 6 per cent dividends from the receipts of the business on the total amount of their investment, the remainder of the profits from the operation of the twenty-five saloons to revert to the city treasury.

Clarksville Tobacco Market, Clarksville, Tenn., Oct. 10.—The receipts in September were 509 hogsheds, sales 305 hogsheds, shipments 4,967 hogsheds, stocks 8,229 hogsheds, of which sellers hold 7,552 hogsheds, and buyers 677 hogsheds. The receipts last week were 91 hogsheds, offerings 117 hogsheds, total sales 348 hogsheds. The open market was unchanged. The association is making large shipments of low grades, for which it has accepted offers. The following prices are quoted:

Low lugs	\$3.50 @ 4.00
Common lugs	1.25 @ 1.50
Medium lugs	1.50 @ 2.00
Good lugs	5.00 @ 5.25
Low leaf	5.00 @ 6.00
Common leaf	6.25 @ 7.25
Medium leaf	7.50 @ 8.50

## OLD MASON'S HOME

VISIT PAID TO IT BY THE COMMISSIONER.

About \$4,000 Raised for Addition—Lively Discussion Expected in Grand Lodge.

Louisville, Ky., Oct. 10.—A delegation of the Old Masons' Home building committee from Louisville lodges went to Shelbyville Sunday to visit the institution and gather data to be incorporated into a report to be made to the Masonic grand lodge, which meets in Louisville October 17, 18 and 19.

The committee through the efforts of Chairman Cherry has raised about \$4,000 for the purpose of building an addition to the home and making necessary improvements, and will urge prompt action on the part of the grand lodge at the coming session.

Photographs were taken of the building to exhibit to the members of the grand lodge. The present quarters are reported as entirely inadequate for the purpose. There are now seventeen inmates of the home.

Grand High Priest J. E. Ewald, of Paris, recently paid a visit to the institution, and stated that he would recommend in his annual report that a portion of the widows' and orphans' fund be apportioned to the Home for Aged and Infirm Masons.

This recommendation will likely precipitate a warm fight at the grand lodge meeting.

The grand lodge committee in charge of the home's affairs is composed of H. R. French, Mt. Sterling; John A. Ramsy, Owensville; R. F. Peak, Shelbyville; James E. Wilhelm, Paducah; F. H. Johnson, Louisville; and E. D. Heard, Shelbyville.

## OPERATORS' MEETING.

Reported It Was to Confer With Mr. William Eades.

It is reported today that the meeting of the coal operators here last Saturday was for the purpose of conferring with William Eades, one of the owners of the Hillside mine at Greenville, Ky., who has been thinking of opening an agency here. The meeting was principally to get him in line on prices. Of course other business matters were discussed.

In the party were: Wm. Eades, of Paducah; George C. Atkinson, of Earlinton; W. R. Duncan, of Greenville; M. H. Itay, of Madisonville; and John S. Hobson, of Central City, all representing large West Kentucky coal companies.

It is reported that Mr. Eades has dropped the matter for the present but make take it up again soon.

## COUNT WHITE

Finds That He Has Opposition As Candidacy for Presidency of New Cabinet.

St. Petersburg, Oct. 9.—Two rivals of Count White, the peace envoy, are announced as candidates for the presidency of the new cabinet. The claimants are Muraviev, former minister of affairs, originally appointed Russia's ranking plenipotentiary to the Portsmouth conference, and later succeeded by Witte, and Count Ignatieff, former minister of the interior.

## AFTER SEVEN YEARS

Paducah Boy Returns and Finds Much Improvement in Paducah.

Mr. Walter Strand, who has been absent from the city for seven years, arrived yesterday to visit relatives.

He is a mechanical, metal draughtsman and has been employed in Chicago. He was greatly surprised to note the wonderful growth of Paducah, both in buildings and in dwellings. He will remain in Paducah several days.

## Cuts the Fuel Bill in Half

For Soft Coal, Lignite or Hard Coal

As you know fully one-half the carbon available for heat in soft coal is gas, the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

## Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air tight, do not save the escaping gases and do not give you a warm house at night. You cannot afford to say to yourself "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

## Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time.

## OUR GUARANTEE

- 1- We guarantee a saving of one third in fuel over any lower draft stove of the same size, with soft coal or lignite.
- 2- We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
- 3- We guarantee that the rooms can be heated from one to two hours each morning, with the soft coal or lignite put in the stove the evening before.
- 4- We guarantee that the stove will hold fire with soft coal 36 hours without attention.
- 5- We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6- We guarantee every stove to remain absolutely air tight as long as used.
- 7- We guarantee the feed door to be smoke and dust proof.

## For Hard Coal—Saves Half

The perfect control over the drafts, the slow economical combustion and the large positive radiating surface make Cole's Original Hot Blast the most economical and the best Hard Coal stove made.

Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Buy one for your home now.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them.

They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.

## IN THE SCHOOLS

SUPT. LEIB IS MAKING ROUNDS OF THE SCHOOLS.

Paducah Has More Pretty Teachers This Year Than Ever Before.

Supt. C. M. Leib, of the city public schools, is out on a regular inspection of the school buildings, the work of the teachers and looking after the affairs of the schools in general. He intended to make this inspection sooner, but on account of other matters of more importance, postponed it.

A great many persons have asserted that good teachers and good looks do not often go hand in hand—but judging from the view taken of this matter by some of the greatest educational workers in the country, the idea is erroneous.

Paducah now has one of the most attractive corps of teachers in the city's history. Many of them are not only highly intellectual, but beautiful as well. It is said that Paducah never had so many pretty teachers at one time as she has this year.

"Some time ago" Supt. Leib said today, "an Indianapolis education journal printed a notice in its columns asking for three qualifications of teachers in the primary department, and answers were received from all parts of the globe.

"Now contrary to expectation one qualification which was given in three-fourths of the answers was good looks, attractiveness in personal appearance.

"The three qualifications were good looks, a love for children and the highest educational ability. This latter qualification is presumed to be the most important qualification, yet according to those who know, it is least to be considered. A kiss and cress means a great deal more in the eyes of the intelligent teacher to the pupil than the switch. They can accomplish more with the little folk, and during the past few years I note many changes in the teaching corps all over the country. More young women are coming into the schools to teach, and they have made better progress, added more to the accomplishments of the primary department and developed conditions wonderfully. You might say that teaching has been revolutionized by the young women, and while you some times find teachers not remarkably attractive, they are successful in their work because they have a love for their work and for their pupils. When such conditions exist the pupils grow to look at the teacher more in the light of a parent."

Supt. Leib is greatly pleased and gratified with the work of the teach-

ers so far. Last year showed a wonderful improvement and this year, comparing the start made, the results will be far more successful than last year.

## GASOLINE BOATS.

Seem to Have Their Rights as Well as Other Boats.

That a little boat has as much right on the Ohio river as the biggest boat that floats, was the sentiment moving a jury in the United States court yesterday to give a verdict for \$1,145 damages against the Cincinnati Commercial Tribune.

The latter was sued because its steamer, the Island Queen, on July 1 ran into the gasoline launch Kite and sent it to the bottom. The Kite is the property of a club of Louisville young men. Walter J. Kohn was in the launch with his brother, Aaron Kohn, and Eugene Strain.

It was their claim that their little craft had the right of way where it was, but that the big steamer disregarding this fact ran into it. A case was two days before the court counsel for the plaintiffs asked to show that the defendant and disre-

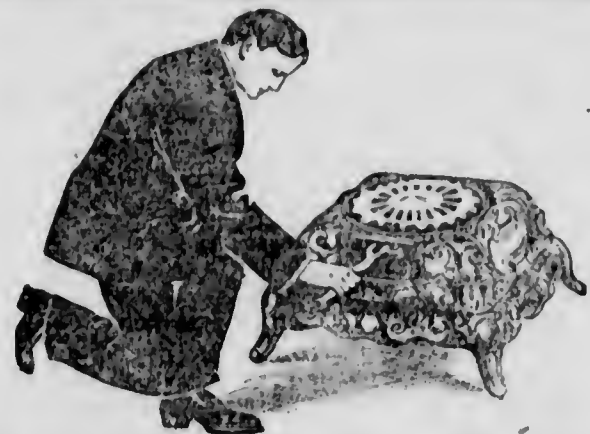

gard of the men of big boats for the little boats was the cause of the collision. The damages asked were \$2,500.

## "RAINING TREES."

Is On the L. C. Hospital Grounds and Attracts Much Attention.

One of the celebrated "raining" trees has been found on the Hillside Central hospital grounds. These trees seem to be indigenous to this section of the country, and in past years a number of them have been discovered, and in some sections have a curved much in crest, and even fern-like the supernatural.

The trees drip water or sap, it has never been definitely decided which. At certain seasons, principally in the fall, they seem to "rain." While the phenomenon has never been fully explained, it has been decided that the apparently remarkable actions of such trees are very simple, and the supposed rain is sap or moisture that appears and drops under certain conditions, principally those which prevail in the fall of the year. A dozen or more of the trees have been reported in this section in recent years.
